

Notice to Mariners No.02 of 2024

Admiralty Chart Nos. 1787,1772,5621,5621.15,5621.2,5622,5622.2, 2049, 2740, & 2046.

To all ship owners, shipmasters, Agents, fishing vessels, pleasure craft users, seafarers and fishery organisations.

Changes in depths at Piers and Harbours due to environmental conditions

Mariners are advised that depths at all piers and harbours throughout County Wexford may be subject to change after periods of strong winds, high/ low pressure systems and tidal conditions.

This can be most noticeable at east coast piers and harbours, namely Courtown, Cahore and Wexford.

All mariners are advised to use all available means to ascertain any possible changes in depths and plan passages accordingly.
